### THE POSTOFFICE BUILDING.

Congressman Sanders Will Try to Get Appropriation at Present Session.

Jasmin Tobias of this city, several days ago sent to Congressman Sanders at Washington, a copy of the Chief in which was published Mr. Tobias' letter relative to the proposed postoffice building for Donaldsonville. Under date of June 27, Mr. Tobias received a letter from Mr. Sanders which reads as follows: "Dear Mr. Tobias—I have read with interest the letter which you wrote to the Chief, and thank you for calling my attention to same. I shall do everything possible to get the appropriation through for the Donaldsonville office, and hope that I may be able to have the appropriation made at the present session of congress."

### Visitors Defeat Home Boys.

In the presence of a large Fourth of July crowd, the Donaldsonville baseball team suffered defeat at the hands of the Garyville boys, at the Fair Grounds yesterday, the score being 6 to 5. The game on both sides was full of errors and little interest was manifested in the contest by those in attendance. "Ping" Watson, the crack twirler of the locals, who resides in New Orleans, was unable to report for duty and he was replaced by Bennett of the same city. The delivery of this pitcher proved easy for the visitors who batted him all over the lot. In the sixth inning, Manager Dugas put Nick Milano, a local twirler in the box and he also was touched up for several hits, and two runs were made off him. It is much to be regretted that the game failed to give satisfaction, but the best of clubs go down in defeat at times. Tomorrow the locals will lock horns with the crack Houma team, and a lively and snappy game is expected. A large crowd will no doubt be on hand to witness the battle for supremacy. "Ping" Watson will be on the mound for the locals.

The Red Men had provided themselves with bells and horns, which they rang and tooted all the way. Arriving at the residence the entire party was invited inside, where punch was served and many toasts drank to the good health and happiness of the bride and groom.

Young Mattingly enlisted on June 1, 1917, and left this country for France July 17, 1918, and was abroad about one year. He saw active service on the Gerard sector for 42 days; in the Meuse-Arzon offensive for eleven days, and was in the Verdun sector at the time of the signing of the armistice. He was with Company A, 6th Field Signal Battalion of the 6th Division. On his return he arrived at New York June 10 and was discharged on June 28. ### Old Ben Passes Away.

Old Ben, the faithful bird-dog of C. D. Bentley, and in his prime one of the best setters in the parish, died last Wednesday after a lingering illness of several months with rheumatism. Ben was known by nearly every one in town, and was a pet with the grown-ups as well as with the little children. He was extremely intelligent and could do anything but talk, and was perfectly harmless. Since Mr. Bentley's removal from here a few months ago, the good old dog had been in the care of Frances Butler, who carefully nursed him until claimed by death. All those who knew Ben will be sorry to learn of his passing away, particularly the nimrods of this community with whom he was a favorite.

### Canal Bridge Condemned.

Upon learning several days ago of the dangerous condition of the temporary traffic bridge across the Smoke Bend drainage canal, Jasmin Tobias, member of the police jury and also of the first road board took immediate steps to have the structure condemned. At a special meeting of the police jury held last Saturday, the road board was given full power to build another temporary bridge further back in the field to be used until the sloughing in the canal has been repaired and a permanent crossing along the gravel road re-established. It has been decided to repair the present structure, however, and the work is now under way.

### "FLU," WAR AND EPIDEMIC PROOF COMPANY

IF YOU DON'T BUY YOUR LIFE INSURANCE WITH THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK, YOU ALWAYS WILL REGRET IT.

PROSPEROUS YEAR FOR THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK. THE OLDEST LIFE INSURANCE COMPANY IN AMERICA. ESTABLISHES NEW RECORD FOR 1918.

Another prosperous year, added to long and successful history, may be said of THE MUTUAL LIFE IN THE many prosperous years in its SURVIVAL COMPANY OF NEW YORK, in 1918.

Always notable among life insurance companies for the vast total of payments made each year to its policyholders, this company, known as the "Oldest Life Insurance Company in America," established for itself a new high record in 1918. The huge sum of \$69,651,430 was paid to its policyholders, exceeding by \$2,513,421 the total payments directly received from policyholders during the year, and brought to \$1,468,000 the total payments to policyholders since the organization of the company in 1843.

These splendid results are especially impressive because obtained in a year of unusual disturbance, due to war and epidemic.

THE MUTUAL LIFE'S mortality due to the influenza and pneumonia was \$4,789,200, and the death claims were easily and promptly paid. Moreover, these payments, and the greatly increased taxes due to the war, so little affected the resources of the company that its 1918 rate of annual dividends will be paid also in 1919.

The company's finances are in a flourishing condition. Its assets, now \$67,714,294, show an increase of \$39,714,294 over 1917, and the surplus or contingency reserve, is \$15,781,076.

The total amount of the company's new business for the year was \$208,920,389—a generous increase over that of 1917. The total amount of insurance in force on the last day of the year was \$1,861,381,953.

The company comes to its new business years to the United States and Canada. The company owns \$63,065,000 worth of Liberty Bonds. Its policies are very liberal. In case of accidental death from any cause pays double the face of the policy. In case of total disability from any cause, either sickness or accident, will waive payment of premium and pay the insured \$100.00 per year for each \$1000 insurance carried, and no deductions made from the face of policy. It pays dividends at the end of the first policy year.

JUST THINK OF IT. DIVIDENDS TO POLICYHOLDERS PAYABLE IN 1919, TWENTY-ONE MILLION, NINE HUNDRED AND FIFTY EIGHT THOUSAND DOLLARS. That is the COMPANY I represent. It will pay you to see me before you take out your next life insurance policy.

L. W. WARRICK, District Manager, Donaldsonville, La.
